to be downloaded by the members after the event.

Posters

17 posters

- Countries: Germany, Austria, Côte d'Ivoire, Egypt, Spain, France, India, Japan Kenya, Mali, Senegal, Taiwan – Europe
- Type : 9 research, 6 development project
- Contributors : 12 public, 2 private, 1 foundation, 1 NGO.

Montpellier 29th & 30th June 2017 – 2nd CONSORTIUM of MEMBERS

- **Vineyard Soil Management: Soil Fertility Parameters and Carbon Sequestration**
- **Monitoring Soil Organic - Carbon Agricultural long-term experiments as a basis to monitor soil organic carbon**
- **Greening the desert for food security and carbon sequestration in Egypt: The example of MARSADDEV project**
- **Mitigation and Adaptation to Climate Change: Inventories for Agronomic Practices & Soil Carbon**
- **Low carbon dairy and beef farms**
- **Farming carbon - Mobilising farmers' groups in favor of the 4/1000 initiative**
- **Fostering Mitigation-Adaptation Synergy in Tropical Agriculture**
- **Restoration of soil fertility with minimum external inputs**
- **Soil protection and rehabilitation for food security in India**
- **Soil carbon sequestration and GHGs mitigation in the agriculture sector - Experience in paddy rice cultivation**
- **Increasing soil carbon on 25,000 ha for water & soil fertility for 30,000 farmers**
- **Appui aux exploitants agricoles à la lutte contre la dégradation des terres**
- **Potentiel de séquestration du carbone des sols du Sénégal**
- **The practices and action plans of 4 per 1000 initiative in Taiwan**
- **Land Degradation Neutrality Fund Project - Supporting sustainable land use**
- **An Online Platform to Connect Regeneration Projects Around the World**
- **Upcoming MOOC : Soils for food security and climate**

Enjoy the posters

Enjoy the buffet
